

Invitation to the 16:th Nordic User Meeting on AAS, ICP-OES and ICP-MS!

The 16:th Nordic User Meeting for AAS, ICP-OES and ICP-MS will take place on March 6-8, 2018 at Nova Park Conference in Knivsta. The location is just north of Stockholm and only a 10 minute drive from Arlanda Airport.

The purpose of the meeting is to create a forum for exchanging ideas, experiences and for the participants to expand their knowledge in specific areas. The meeting is an informal meeting point for users, researchers and instrument suppliers.

The program is designed for all users of AA and ICP techniques and will also cover related subjects including sample preparation, measurement uncertainty and the use of reference material.

PROGRAM & THEMES

There are three seminar days, divided into the following themes:

DAY 1 – AAS and ICP-OES

DAY 2 – Quality, Measurement uncertainty, Sample preparation,
Reference materials and more

DAY 3 – ICP-MS

We strive to mix talks from users and invited speakers with presentations from suppliers participating in the exhibition.

If you have something interesting that you would like to present in this forum, please do not hesitate to contact us.

The structure of the preliminary program is available [here](#)

THIS TIME IN ENGLISH!

For the first time the predominant language at the conference will be English rather than Swedish. A reason for this is to attract more participants from Finland and Denmark. We encourage participants to present in English also to better utilize the expertise of the invited international speakers and suppliers. The organizers are happy to assist participants who feel more comfortable presenting in their native language to prepare their slides in English.

FEES & REGISTRATION

Participants have the option to attend all of or parts of the conference, based on their interest in the themes and topics outlined in the program.

Participation fee (not including accommodation):

1 day: 4200 SEK

2 days: 7400 SEK

3 days: 10500 SEK

ACCOMODATION

Reservations for accommodation are made directly with the Nova Park Conference. We have reserved 60 rooms between for the nights of March 6-8. For reservations, call Nova Park Conference +46 18 34 90 00. Please use reference number 157355 at the time of reservation.

INTERESTED?

This user meeting offers a unique opportunity to learn from and exchange ideas with other instrument users and experts. Meanwhile, the supplier exhibition next door is a great opportunity to get an update on the technical development within the field.

For further information regarding the user meeting, our training program and Nova Park can be found on our website.
